## WHAT VIKINGS DO

*“Work hard, have fun, make history.”*  
– Jeff Bezos

Vikings work to benefit anyone and everyone in the creative industries. If you need it, we know where to find it. In this way, we’re helping you source the skills you need, and we’re helping everyone out there who’s hustling and freelancing find work, and we help ourselves by charging a brokerage fee for our services.

Alternatively, you can subscribe to Viking Films and pay a monthly fee on a sliding scale for multiple searches and/or introductions.

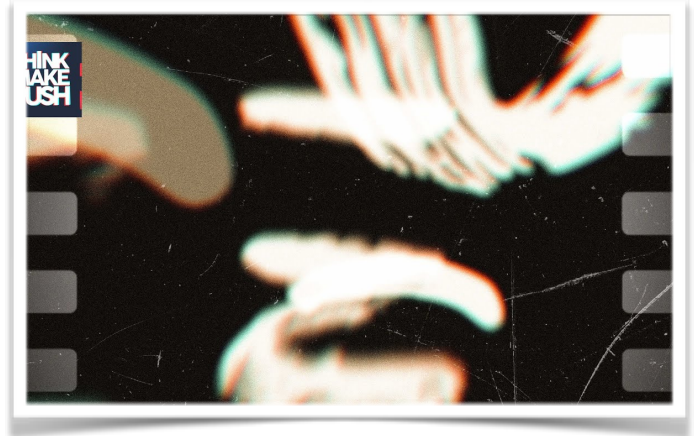

## WHY WORK WITH VIKINGS

Those amongst the pages of Vikings’ infamous ‘little black book’ have worked on productions for eNCA, CNBC, SABC, and Canal Suisse amongst many other leading global news networks and for NGOs and organisations including SADC, AfDB, COMESA, BUSA, EAC and the African Union.
